Experiences from Finca Albellons

Set in the peaceful Binibona valley, Finca Albellons is an exceptional starting point for discovering Mallorca at an unhurried pace. Our self-guided e-bike experiences have been designed for leisure riders who want to experience the island beyond the busy coast: quiet rural lanes, dry-stone terraces, olive groves, traditional villages and the dramatic foothills of the Serra de Tramuntana.

Each experience is ridden on a premium Riese & Müller e-bike, combining comfortable upright riding, reliable electric assistance and the freedom to explore without rushing. Use the Ride with GPS app to follow the route at your own pace, stop for a village coffee, sample local olive oil, enjoy a long lunch, or simply pause for the views.

Choose an easy countryside escape through Campanet and Moscari, a scenic loop through Caimari and the Tramuntana foothills, or a full-day adventure to Lluc and Pollença.

Premium eBikes

Our Riese & Müller e-bikes combine German engineering, comfort and reliability for a relaxed day of discovery. Their smooth electric assistance makes Mallorca's rolling countryside and mountain foothills accessible for leisure riders, while their comfortable riding position is ideal for exploring villages, scenic lanes and local food stops at your own pace.

Self-guided routes

Every experience is self-guided using the Ride with GPS app. Follow the carefully prepared route on your phone, including navigation, points of interest, suggested stops and local recommendations. Ride independently, take as many breaks as you wish, and make the day your own.

Discover Mallorca's quiet villages and country lanes

Starting directly from Finca Albellons, this relaxed 17.5 km loop is the perfect introduction to the peaceful countryside around Binibona. Ride through olive groves and dry-stone-walled lanes towards the foothill villages of Caimari, Moscari and Campanet, with gentle electric assistance making every rise feel effortless.

Pause in Caimari to discover the area's olive-growing heritage, browse local products or enjoy a coffee in the village square. Continue through the sleepy stone lanes of Moscari, surrounded by almond and olive country, before arriving in Campanet for a longer café or lunch stop in its traditional old town.

The final section returns through quiet rural scenery to Finca Albellons — an easy, scenic route made for slow travel, photography and enjoying the authentic rhythm of inland Mallorca.

Optional coffee, bakery or relaxed lunch stop in Campanet.

Ride through olive country beneath the Tramuntana

This scenic 23.1 km route follows the beautiful meeting point between Mallorca's central plain and the first slopes of the Serra de Tramuntana. From Finca Albellons, ride through peaceful lanes towards Caimari, a village closely connected to the island's olive-growing tradition.

The route includes two memorable viewpoints above Caimari, where the landscape opens across the village rooftops and towards the broad interior of Mallorca. In Caimari, take time to discover local olive oil, browse artisan products or stop for a traditional snack such as pa amb oli with local cheese and olives.

Continue through the quiet foothill villages of Mancor de la Vall, Selva and Moscari. With smooth e-bike assistance

and manageable distances, this is an enjoyable half-day experience for guests who want panoramic views, authentic villages and local flavours without tackling a demanding mountain route.

Ride from mountain viewpoints to Mallorca's traditional villages

Starting at Finca Albellons, this 39.9 km self-guided e-bike route explores the contrasting landscapes between the Tramuntana foothills and Mallorca's fertile central plain. It is an ideal full half-day experience for guests who enjoy quiet country roads, village life, local food stops and one memorable panoramic climb.

The route begins through peaceful lanes around Moscari before heading towards the Puig de Santa Magdalena. The climb is rewarded with wide views across the island's interior, making it an excellent place to pause, take photographs and enjoy the sense of space that defines this part of Mallorca.

From there, continue through rural farmland towards Sa Pobla, a lively agricultural town known for its local character and traditional central squares. Take time for a coffee or snack before riding onwards to Búger, one of Mallorca's smallest and most atmospheric hilltop villages. The return through Campanet and the Binibona countryside completes a varied loop of viewpoints, local villages and quiet Mediterranean scenery.

Premium Riese & Müller e-bike assistance keeps the route comfortable and enjoyable, including the climb to Santa

Magdalena and the rolling roads on the return.

A full-day Tramuntana journey of villages, views and local flavours

This is the signature full-day e-bike experience from Finca Albellons: a spectacular 61 km journey through the foothills and northern landscapes of Mallorca. Premium Riese & Müller electric assistance makes the route accessible to leisure riders, turning a classic Tramuntana day into a comfortable and memorable exploration.

Ride first through Campanet, with the option to visit the Coves de Campanet, before following peaceful rural roads towards Pollença. Pause in the historic old town for coffee, lunch or a relaxed walk around the beautiful Plaça Major.

From Pollença, the route climbs gently into the Serra de Tramuntana, where the Coll de Femenia viewpoint opens towards the Bay of Pollença and the northern coast. Continue through the mountain landscape to Lluc Sanctuary, Mallorca's most important pilgrimage site, before riding via the Coll de sa Batalla and returning through Caimari to Finca Albellons.

This is a full-day experience for guests who want to see the breadth of northern Mallorca: quiet rural roads, cultural landmarks, mountain scenery, a historic town and exceptional viewpoints — all at their own pace.
